

2018 School Spotlight

Following the merger of **Greeley-Wolbach and North Loop-Scotia Public Schools**, ATP assisted in making their special education services accessible for two students using wheeled mobility devices.

- ☼ ADA accessible doors were installed between two therapy rooms located on either side of a special ed drop in resource room. The result is a better use of space for students and staff.

- ☼ A special education therapy area provides privacy for a student to utilize the equipment.

- ☼ A Rifton Self-Support Station in an accessible restroom pivots to aid transfers to a fixed toilet or commode. The equipment assists the student to stand up and transfer from their wheelchair. It folds flat when not in use.
