

The Council membership includes consumers who use assistive technology, their family members, and agency representatives from across the state. **At this time consumers who experience a disability and their family members are needed.**

ATP is recruiting Advisory Council Members

Tobias J. Orr, ATP Director, says: "I encourage consumers and their family members to make a difference by sharing their expertise and experience with assistive technology and modifications. Won't you take the 1st step and submit an application?"

Council Member Expectations

- Attend two meetings each year in person in Lincoln or by video conference
- Provide guidance on ATP's state plan and the development and expansion of assistive devices and services
- Join a workgroup(s) that focus on equipment reuse, marketing, and legislation
- Promote and advocate for assistive technology and other disability related services

Next Council Meeting: September 29, 2017

Download a Council application and apply by e-mail or mail by June 23, 2017
