The Enable Savings Plan Marks One Year Anniversary

First National Bank Branches and Local Disability Organizations Partner for Celebratory Outreach Events

Lincoln, Neb. (June TK, 2017) – In honor of the one year anniversary of the Enable Savings Plan, First National Bank of Omaha and Nebraska State Treasurer Don Stenberg today announced that on June 30th, disability organizations will share their stories and missions at First National Bank branches across Nebraska to help celebrate, grow and support the Enable community.

“It has been rewarding to watch the Enable Savings Plan grow since it launched last June,” said Treasurer Stenberg. “Enable is successful in large part due to its amazing partnerships with nonprofits, providers, state agencies and First National Bank branches across the great state of Nebraska. We thank these partners for supporting Enable and the disability community at large.”

Launched on June 30, 2016, the Enable Savings Plan was one of the first national ABLÉ savings plans offered. Enable provides tax-free savings accounts to people with disabilities that allow them to save without impacting their public benefits such as Medicaid and SSI.

“We’re excited to come together to celebrate the accomplishments of this community,” said Deborah Goodkin, Managing Director, College Savings Plans, First National Bank of Omaha. “Over the past year the Enable Savings Plan has had great success in helping individuals with disabilities achieve financial independence. We continue to see account ownership increase on a daily basis, and while we currently have account owners in 37 states in addition to Nebraska, we look forward to expanding our reach and seeing what opportunities next year will bring.”
