

# SUPPORT SERVICE PROVIDER (SSP) TRAINING

## WHAT IS AN SSP?

Support Service Providers (SSPs) are specially trained guides who work with DeafBlind individuals to ensure they have all the facts they need to make informed decisions by relaying environmental information to DeafBlind individuals in their preferred language and communication mode. SSPs simply give access to all the visual and aural details available.

Join us in learning how to be a paid SSP for DeafBlind individuals. As an SSP you will get to know your local DeafBlind community, make a meaningful impact, enhance communication skills and enjoy a flexible schedule! Those who live in Omaha or in surrounding areas in Iowa such as Douglas, Cass, Sarpy, Saunders and Washington Counties are encouraged to participate.
