Funding Services

Funding for the cost of home modifications, technology, or services needed by consumers who experience a disability are provided by numerous programs. The guidelines and eligibility requirements of those programs vary widely and are often overlooked as potential resources for those who are unfamiliar with how to access them.

The Assistive Technology Partnership's Resource Specialist will research the various programs across the state to determine a person's potential eligibility for funding assistance.

Families should list income of married couples or income of all adults, including wages of children ages 14-18.

The Process

1. The Service and Device Application is used to gather information about the services and/or devices needed. **Complete the Service and Device Application electronically or by mail:**

Electronically	Mail
• Request a fillable PDF application (email: atp.funding@nebraska.gov) • Complete, sign, and submit the application (you will receive a copy after submission)	• Print application, complete, and sign the application (keep first page for your records) • Mail the application to: Assistive Technology Partnership 3901 N. 27th Street, Suite 5, Lincoln, NE 68521

2. The Resource Specialist will use the application information to identify the program(s) that are potential resources to cover or supplement the cost of thetechnology or services needed by the applicant.

3. The applicant will be notified of eligibility, and any necessary referrals will bemade to the appropriate specialist, program, or service. This process takes about two weeks, but in some instances it may take longer.

4. The application and release is valid for **one year** from date of signature.

Please note: Since funding is limited, eligibility does not always guarantee that funds will be available.
